No construction skills or experience with Habitat builds are necessary – we’ll show you everything you need to know. We’ll also provide all tools and safety gear.

Now in its 11th year, National Women Build Week, an initiative created by Habitat for Humanity and Lowe’s, has brought together more than 117,000 all-women construction volunteers to build or repair more than 4,500 homes. This year, Lowe’s donated nearly $2 million to Habitat for Humanity to support the 2018 National Women Build Week, which is set to take place in 300 communities nationwide.
